

documents should be sent in writing to: Environmental Protection Agency, TSCA Nonconfidential Information Center (7405), 401 M St., SW., Washington, DC 20460 or fax: (202) 260-5069 or e-mail: oppt.ncic@epa.gov.

II. What are the details of the test data submissions

Test data for phenol were submitted by the Phenol Regulatory Panel of the Chemical Manufacturers Association (CMA) on behalf of its test sponsor companies: Allied Signal Inc.; Aristech Chemical Corporation; Dakota Gasification Company; Dow Chemical Company; Georgia Gulf Corporation; General Electric Corporation; GIRSA, Inc.; JLM Industries, Inc.; Kalama Chemical, Inc.; Merichem Company; Mitsubishi Company; Mitsui Co. (U.S.A.), Inc.; Shell Chemical Company; and Texaco Refining Marketing. The report was submitted pursuant to a TSCA section 4 enforceable testing consent agreement/order and was received by EPA on June 17, 1999. The submission includes a final report entitled "Two-Generation Oral (Drinking Water) Reproductive Toxicity Study of Phenol in Rats." This chemical is produced in substantial quantities and is used in numerous consumer products.

Test data for HDI were submitted by The Chemical Manufacturers Association (CMA) on behalf of the Hexamethylene Diisocyanate Test Sponsors: Lyondell Chemical Company (formerly ARCO chemical Company), Newtown Square, PA; Bayer Corporation, Pittsburgh, PA; and Rhodia Inc. (formerly Rhone-Poulenc Inc.), Raleigh, NC. The reports were submitted in accordance with a TSCA section 4 enforceable testing consent agreement/order and were received by EPA on June 22, 1999. The submission includes two final reports entitled: (1) "A Developmental Toxicity Study with 1,6-Hexamethylene Diisocyanate (HDI) in the Sprague-Dawley Rat" and (2) "A Combined Repeated Dose Toxicity Study with the Reproduction/Developmental Toxicity Screening Test using 1,6-Hexamethylene Diisocyanate (HDI) in the Sprague-Dawley Rat." This chemical is used in the manufacture of higher molecular weight biuret polyisocyanate resins and trimer polyisocyanate resins. HDI biuret polyisocyanate resins and trimers are mainly used as reactive components of two part polyurethane paint systems for automobile refinishing, industrial maintenance, marine coatings, and other high performance coating systems. For example, the civilian and military aircraft industry uses aliphatic

diisocyanate containing paint almost exclusively because of its stability in ultraviolet light. Other consumer uses of HDI are not known at this time.

EPA has initiated its review and evaluation process for these data submissions. At this time, the Agency is unable to provide any determination as to the completeness of the submissions.

List of Subjects

Environmental protection, Test data.

Authority: 15 U.S.C. 2603.

Dated: July 22, 1999.

Charles M. Auer,

Director, Chemical Control Division, Office of Pollution Prevention and Toxics.

ENVIRONMENTAL PROTECTION AGENCY

[PB-402404-TX-A; FRL-6079-3]

Lead; Requirements for Lead-Based Paint Activities in Target Housing and Child-Occupied Facilities; State of Texas's Authorization Application; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction.

SUMMARY: In the **Federal Register** of April 16, 1999 (64 FR 18906) (FRL-6073-6), EPA announced that the State of Texas had submitted an application for EPA approval to administer and enforce training and certification requirements, training program accreditation requirements, and work practice standards for lead-based paint activities in target housing and child-occupied facilities under section 402 of the Toxic Substances Control Act (TSCA). The notice also announced a 45-day public comment period and an opportunity to request a public hearing on the application. The document incorrectly listed a certification requirement. This notice corrects that error. In FR Doc. 99-9607, on page 18907, third column, first full paragraph, the second sentence, which reads "The appropriate certification exam must be taken every 3 years for certain disciplines." is hereby removed.

FOR FURTHER INFORMATION CONTACT: Jeffrey Robinson, Regional Lead Coordinator, Environmental Protection Agency, Region VI, 1445 Ross Avenue, Suite 1200, 6PD-T, Dallas, TX 75202-2733. Telephone: 214-665-7577, e-mail address: robinson.jeffrey@epamail.epa.gov.

List of Subjects

Environmental protection, Hazardous substances, Lead, Reporting and recordkeeping requirements.

Dated: May 11, 1999.

Gerald W. Fontenot.

Acting Division Director, Multimedia Planning and Permitting, Region VI.

FARM CREDIT ADMINISTRATION

Farm Credit Administration Board; Regular Meeting

AGENCY: Farm Credit Administration.

SUMMARY: Notice is hereby given, pursuant to the Government in the Sunshine Act (5 U.S.C. 552b(e)(3)), of the forthcoming regular meeting of the Farm Credit Administration Board (Board).

DATE AND TIME: The regular meeting of the Board will be held at the Double Tree Hotel, San Diego, California, on August 12, 1999, from 1:00 p.m. until such time as the Board concludes its business.

FOR FURTHER INFORMATION CONTACT: Vivian L. Portis, Secretary to the Farm Credit Administration Board, (703) 883-4025, TDD (703) 883-4444.

ADDRESSES: Double Tree Hotel, 7450 Hazard Center Drive, San Diego, California 92108.

SUPPLEMENTARY INFORMATION: Parts of this meeting of the Board will be open to the public (limited space available), and parts will be closed to the public. In order to increase the accessibility to Board meetings, persons requiring assistance should make arrangements in advance. The matters to be considered at the meeting are:

Open Session

A. Approval of Minutes

July 8, 1999 (Open and Closed)

B. New Business

Regulations

—Transfer of Capital from Banks to Associations [12 CFR Part 615]

Closed Session*

A. Report

—OSMO Report

*Session Closed—Exempt pursuant to 5 U.S.C. 552b(c)(8) and (9).
